Re: *In the Matter of Applications of Comcast Corporation, General Electric Company, and NBC Universal Inc. for Consent to Assign Licenses and Transfer Control of Licenses*, MB Docket No. 10-56

Dear Ms. Dortch:

Comcast Corporation ("Comcast") hereby submits the following information regarding the standalone Broadband Internet Access Service condition in Appendix A § IV.D (the "Condition") of the *Comcast-NBCUniversal Order*.¹ This letter contains certain information designated as Confidential (identified by [[brackets]]) and is being submitted pursuant to the *Compliance Protective Orders* in effect in this proceeding.²

¹ *Applications of Comcast Corporation, General Electric Company, and NBC Universal, Inc. For Consent to Assign Licenses and Transfer Control of Licensees*, Memorandum Opinion and Order, 26 FCC Rcd 4238 (MB 2011) ("*Comcast-NBCUniversal Order*").

² *Applications of Comcast Corporation, General Electric Company, and NBC Universal, Inc. for Consent to Assign or Transfer Control of Licenses or Authorizations*, Protective Order, 26 FCC Rcd 2045 (MB 2011) ("First Protective Order"); Second Protective Order, 26 FCC Rcd 2052 (MB 2011) ("Second Protective Order") (jointly the "*Compliance Protective Orders*").

Introduction

Pursuant to Condition § IV.D.3, Comcast is required to submit a report describing compliance with Condition § IV.D.1 regarding Comcast's provision of standalone Broadband Internet Access Service ("BIAS") and providing certain additional information upon any price adjustment of a standalone BIAS offering. Effective January 2013, Comcast adjusted pricing for certain of its standalone BIAS services throughout service areas in which it offers BIAS services. In order to avoid the filing of duplicative reports within close proximity, Comcast is filing one combined report to satisfy the requirements for submission of both the annual report and the report based upon the standalone price adjustments that occurred in January.³

Report

Comcast continues to offer standalone BIAS to customers throughout the service areas in which it offers BIAS services.⁴ Those offerings include a standalone BIAS tier in each of its markets under the name "Performance Starter" that Comcast has provisioned to deliver 6 Mbps down and offers at the retail price of \$49.95 per month. Comcast also offers other standalone tiers of BIAS, at reasonable market-based prices, with speeds that correspond to those offered in its retail multi-product offerings in the relevant service area.⁵ Such standalone offerings are available on equivalent terms and conditions to the most comparable BIAS tier available in Comcast's multi-product offerings. Further detail is available in Exhibit A.

The aggregate number of standalone BIAS lines Comcast provisioned as of January 21, 2013 was [[]].

Parts I and II of Exhibit A set forth the standalone and multi-product BIAS speeds and pricing offered by Comcast to customers as of February 1, 2013 in Comcast's top 30 markets (which were determined as of February 1, 2013). The information reflects post-promotional pricing, and (in the case of the multi-product pricing) assumes that the customer continues to

³ The filing of the combined report was coordinated with the FCC Media and Enforcement Bureaus on October 17, 2012.

⁴ Comcast offers BIAS to over 99 percent of homes passed by Comcast cable systems.

⁵ Comcast generally sells BIAS in three ways: (i) on a standalone basis; (ii) with discounted, multi-product pricing (such that the price for the BIAS is reduced if the customer subscribes to one or more other Comcast products); and (iii) as part of bundles for which Comcast determines aggregate prices, without separate pricing for the individual products. As Comcast does not determine separate pricing for the individual products within a bundle, Parts I and II of Exhibit A set forth speeds and pricing only for standalone and multi-product BIAS offerings. For reference purposes, Part II of Exhibit A also provides pricing information for Comcast's National Triple Play Bundles.

subscribe to one other product (video or voice) or all three products (video, voice, and Internet), as applicable.

Part III of Exhibit A sets forth, by company and to the best of Comcast's knowledge after review of those companies' websites, the standalone BIAS offerings of Comcast's principal competitors and the post-promotional pricing of such offerings. Comcast has identified principal competitors, their standalone BIAS offerings, and the pricing of such offerings as of January, 2013.

In addition, Comcast notes that, pursuant to Condition A § XVI.2, Comcast offers BIAS service under the name *Internet Essentials* throughout its service areas, including in each of the 30 markets referenced in Exhibit A. *Internet Essentials* is a comprehensive broadband adoption program that provides low-cost broadband access to households meeting the program's unique eligibility requirements.⁶ As this service tier is designed for a specific population with unique eligibility criteria and is subject to separate reporting under the *Comcast-NBCUniversal Order*, Comcast treats it separately from the generally available retail services that are the subject of this report. Subject to the program's eligibility requirements, *Internet Essentials* is available on both a standalone and multi-product basis, with no differentiation in price. Likewise, Comcast is testing a prepaid standalone BIAS offering⁷ within the Philadelphia Metro area. Because this product is a limited market test, Comcast treats it separately from the generally available retail services that are the subject of this report and is not including this product in the Exhibit A.

Please do not hesitate to contact me should you have any questions.

Sincerely yours,

Lynn R. Charytan
Vice President, Legal Regulatory Affairs,
Senior Deputy General Counsel
Comcast Corporation

⁶ The eligibility criteria are codified in Appendix A § XVI.2.f of the *Comcast-NBCUniversal Order*.

⁷ The service speed is 3.0 Mbps/ 768 kbps, and the service can be purchased in 7 or 30 day increments.
